

REQUEST FOR PROPOSALS

ORGANIZATION CONSULTATION, FACILITATION, AND TRAINING SERVICES

The Centre

Organization Effectiveness

Introduction and Background

The Centre for Organization Effectiveness, a California Joint Powers Authority created by the City of San Diego and the San Diego Water Authority, is updating its list of interested and qualified consultants to be used on an as-needed basis to provide organization consulting, facilitation, and training services to public, non-profit, and private organizations. An as-needed list of consultants will be developed from responses to this Request for Proposals (RFP). The as-needed list developed will be an open list, and consultants can ask to be removed from the list at any time. As specific projects develop, the list will be the source from which candidates are chosen, generally by client interviews with several consultants from the list.

The mission of The Centre is to fulfill the leadership development needs of public, non-profit, and private sector organizations by raising the caliber of leadership through various educational and training programs, forums, and organization development interventions. Specific projects requiring consultants are administered through The Centre. This Request for Proposals is intended to develop partnerships with external consultants to offer these services to Centre client organizations. The Centre reserves the right to select or choose between principals, co-proposers and sub-consultants. The Centre may request to observe consultants presenting a program in an educational/training setting prior to inclusion on the as-needed list or award of a specific assignment.

This Request for Proposals and/or inclusion on the as-needed list are not a guarantee of work.
